New Contestant Enters Race.

Much interest is being taken in the contest for the Piano and other prizes to be given away by the CAMPBELL INTERURBAN PRESS. There is yet time for others to enter and stand an equal opportunity of earning these gifts. Send the PRESS to your eastern friends and relatives, or have them subscribe and let the credits be applied to the one desired. Let us see how many new subscriptions can come in this week. How they stand:

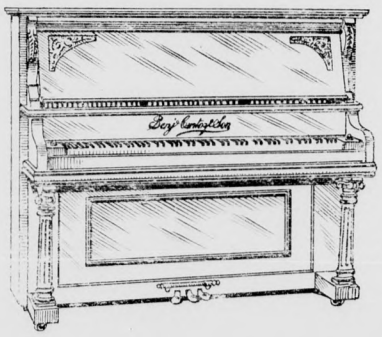
THIS IS THE PIANO

Some Young Lady Will Get.



Given Away by the "Interurban Press."

READ! ON MARCH 4, 1905, the day the President will be inaugurated, we propose to give absolutely FREE OF COST to the lady who secures for us the largest amount of money for subscriptions or advertising to the CAMPBELL INTERURBAN PRESS a beautiful Golden Oak Curtaz Piano, costing $325.00, now on exhibition in our show window. It must be seen to be appreciated.

To the young man or lady, boy or girl, who brings in the second largest amount we will give a $50.00 Scholarship Course in the Pacific Coast Business College.

To the young man or lady, boy or girl, who brings in the third largest amount we will give a beautiful solid Silver Hair Brush and Comb in a neat case.

To the young man or lady, boy or girl, who brings in the fourth largest amount we will give a fine French Plate Hand Mirror.

WHO WILL WIN THE

$325 CURTAZ PIANO?

Now As to the Plan

Every subscription to the PRESS of $1 will count as 100 credits, and you can subscribe for as many years as you wish and have 100 credits for each subscription placed to the credit of any of the young lady contestants. Every advertisement secured for the paper will be governed by the same rule. A dollar a month ad. will count for 100 credits; a two dollar ad. 200 credits, etc. Paid locals will count the same. Credits given for every penny turned into this office between now and March 4th, '05. We want young men and young ladies in the outlying districts to go to work for the PRESS, as well as in town. How can you earn such valuable premiums more easily? An hour or two a day from now on may do it. The contest will be conducted in a perfectly honest and honorable manner and all parties going to work can depend on it that they will be treated absolutely fair. Come in and get the necessary information. Let us explain the plan to you.

NOTE—Those who have paid anything since the PRESS started either for back subscriptions or in advance, or for advertising, are entitled to come in and have their credits counted.

CHRISTMAS GIFTS

☞ *See them before doing any of your CHRISTMAS SHOPPING. A look now may save you much travelling. My stock of Holiday Goods has just arrived. It is larger than any stock ever before displayed in this town, and the price is a shade lower, this being made possible by buying direct from the manufacturers.*

☞ *This line comprises, all sorts of novelties for use and ornament. Mirrors, Shaving Glasses, Shaving Mugs, Shaving Brushes, Brush and Comb, in sets or single, Clothes Brushes, Perfume Atomisers, Purses, Cigar Cases, Etc.*

My line of HOLIDAY PERFUMES cannot be excelled. The quality is there and the price is right. When you think of Xmas gifts bear this in mind: Farrington has the largest assortment at a reasonable price.

PRESS NOTES

Do you take the PRESS? If not, why not?

Have you seen Miss Lawrence's holiday stock?

FOR SALE—Good phaeton, cheap. Enquire at Telephone office.

SQUINTING

Looks particularly unlovely when children do it. Don't imagine that it is a habit you can break them of, for it is simply an outward sign of defective eyesight. The child must look that way to see right. The only way to cure squinting is to cure the defect in the eyesight.

W. T. Perry and family of Canada have rented Mr. Ainsley's house at the corner of Harrison and Hopkins Aves. Glad to have these new people with us.

The Interurban cars have been doing regular service this week, but are not as well patronized as they would be if the fare was a different price.

A new switch has been placed in on Hamilton avenue. This week a great many cars of gravel have been hauled along the line for finishing up the roadbed.

A special meeting of the Campbell Board of Trade is called for this Saturday night at Campbell Hall, to consider the matter of incorporation. All members are urged to be present.

The employees of the Luehning packing house at Campbell got "even" with two of their czar-like bosses, Mrs. Minnie Lewis and Dan Evans, on Thanksgiving day.—*Los Gatos Mail.*

The editor acknowledges a fine large piece of fresh killed pork from Mr. and Mrs. George DeSelle. We are not sure whether our friends are from Missouri or not, but they are all right, as is also the pork.

Hurlbert & Kennedy will insure your property, rent you a house, or sell your land. Choice orchards for sale.

Last week we omitted to mention that the baseball game on Thanksgiving Day between the high school team and a picked team from town resulted in the defeat of the high school boys by a score of 13 to 12. It was a well played game.

The McCaughey Rotary Scraper Works have established a new shop at the corner of San Jose and Los Gatos road and and Dry Creek road, where they will do a general blacksmith business as well as manufacture the rotary scraper. See ad.

The Campbell Fruit Growers' Union have been packing a car of prunes this week in 2½ and 1 pound cartons, for Eastern demand. It is understood that the Union will do considerable of this kind of packing in future. A new two-color carton box with the "Camel" thereon has been secured, and the packages make a neat appearance.

The Palo Alto *Citizen* says: "When you stand on the street corner and say mean things about the features of the town that do not happen to please you, you are knocking. If you don't like the town why not get out of it? There are plenty of others who do like it and who are determined to stay and help build it up."

In addition to the round-trip rate of $1.75 between San Francisco and San Jose, the San Francisco office of the Southern Pacific has issued the following end-of-the-week excursion rates from the Bay City:

To Campbell—Sunday excursion, $2.00; Saturday to Monday excursion, $2.25.

To Los Gatos—Sunday excursion $2.25.

The Campbell Union High School basketball team were defeated in San Jose last Friday by the San Jose High School team and the week before by the Normal team. They will come in on the home stretch, however.

PATRONIZE OUR ADVERTISERS.

A SYNDICATE of Eastern railroad men have purchased the San Jose and Santa Clara Railroad, and are to spend a large amount of money in making a broad gauge system of the road, extend the line to Gilroy, and up to San Mateo. J. F. Parkinson of Palo Alto is working the deal through. We may expect ere long to see a road to the Big Basin and Mount Hamilton, both of the latter projects being now under way.

THERE is a noticeable difference in the number of strangers in town since the coming of the Interurban car line. This week two persons were here looking for a business opening, both parties coming on account of the new car line. If we mistake not Campbell will see many changes from now on. Incorporation would add another attraction.

The Campbell INTERURBAN PRESS takes the *Palo Altan* to task for urging the election of Frank Mitchell on the ground that he is a Republican and asks if we have never heard of Supervisors Roll, Whitehurst, Selby and others, all good Democrats. We said no word against Mr. Farrell or any other man personally, our objection was to the Democratic party and its unsafe policies. We did not think it wise to turn the county administration over to that party, and the people were with us. That paper would be untrue to itself that did not support the candidate whose principles it believed to be right, even when the candidate and his opponent are equally able and honorable, as were Mr. Mitchell and Mr. Farrell.—*Palo Altan.*

We criticised the idea that none but Republicans made good officials. We feel certain that even the editor of the *Palo Altan* would enjoy seeing a Board of Supervisors made up of such men as John Roll, the only Democrat on the board, but who is the present chairman. The fact that he is a Democrat doesn't make him any better that we know of, and if he were a Republican he would no doubt be the same able official; but don't you think it a very good tonic to elect minority party men once in a while, for the majority party officials somehow seem to get reckless and run their offices about as they please.

For the life of us we can't see the point where the Democratic party officials of a county are any more "unsafe" than the Republicans. Somehow Santa Clara Co. voters think otherwise, and we commend the following list of county officials to our Palo Alto contemporary for perusal:

L. A. Spitzer, Assessor	Democrat
Wm. A. January, Tax Collector	"
H. A. Pfister, Clerk	"
D. T. Bateman, Superintendent of Schools	"
T. W. Treanor, Recorder	"
J. H. Campbell, District Attorney	"
B. E. Kell, Coroner	"
E. W. Conant, Treasurer	Republican
W. F. Parker, Auditor	"
A. G. McMillan, Surveyor	"
Robert Langford, Sheriff	Independent.

WHAT DIRECT LEGISLATION MEANS.

There is a move on foot by the Direct Legislation League of California to secure from the Legislature the passage and submission to the people of a Constitutional Amendment providing for the Initiative and Referendum in State, County and Municipal legislation.

The proposed Direct Legislative Amendment is on the following lines: The Initiative, by which a minority may propose a law, as follows: "If a certain per cent. (say 10 per cent.) of the qualified electors of the City, County or State, petition for the submission to the voters of a proposed law or ordinance, then the City Council, Board of Supervisors or State Legislature, as the case may be, must submit the same to a vote of the people at the next regular election. If a majority of the votes cast on such measure are in favor, it thereupon becomes a law by a direct vote of the people.

The Referendum, by which a majority may enact or reject a law, as follows: No law or ordinance (except urgency measures necessary for the public peace, health or safety) shall go into effect until 30 or 60 days after its passage by the City Council, Board of Supervisors or State Legislature. If within said 30 or 60 days a petition signed by a certain per cent. (say 10 per cent.) of the qualified voters, is filed, asking that said law or ordinance be referred to the people, it must be so submitted and shall then be enacted or vetoed by the direct vote of the people."

Direct Legislation means Majority Rule. The veto power in the hands of the people. The end of corrupt legislation. The death of the lobby. The development of good citizenship. The safeguarding of the representative system. Government of and for and by the people.

The Initiative and Referendum are in complete accord with the American doctrine of a republican form of government, and no possible argument can be made against them except that the qualified electors are incapable of governing themselves.

Anyone desiring more information on this important subject can secure same by addressing the Direct Legislation League, 411 H. W. Hellman Block, Los Angeles.

Campbell Band Progressing Rapidly.

Under the instructor, Prof. Pannell, and the leadership of A. D. Phelps, the Campbell Band is fast being recruited up with new members and being shaped into a musical organization of which our little village ought to be proud.

It will not be a thorn in the flesh of our citizens hereafter to think that whenever they are in need of music they are compelled to call upon our neighboring towns. With the new band this will not have to be done, as it has been organized with the idea of making it a permanent organization, with every prospect of a successful career ahead of it.

The first steps toward reorganization were taken September 1st, and since that time the members have been practicing faithfully and will soon reach a point where they will be able to handle any ordinary music with but little practice, and the boys are now giving a series of dances with the hope of securing enough money to buy uniforms, in which they are to make their first appearance within a short time, headed by their new drum-major, which they are lucky in securing because of a scarcity, and who will be dressed in his highly-colored costume.

Heretofore, with similar organization, the people have been asked to aid in support, to which they have responded heartily, but the organization has not been able to hold together by reason of the fact that its members left town; but with the new band it has changed, only those who expect to remain in town are eligible for membership. In order to carry on the future expense of the band and to secure new uniforms, they are giving a series of dances, of which the second of the series will take place Wednesday, December 7, 1904. Tickets for the occasion have been placed at $1.00 a couple, including supper. Any of the band boys can provide you with tickets. This dance will be the event of the season, no doubt.

Fraternal Aid Convention.

F. A. A. District Convention, No. 68, will be held in Campbell at I. O. O. F. Hall December 10th. Business session during the day. Program and exhibition drill by Palm Leaf Council team in evening, which will be invitational.

The delegates are: J. Luther Bowers, Mrs. G. A. Berry, Mrs. M. J. Wilson, H. E. Brandenburg, H. C. Hutton, Mr. Stephens. Alternates—Mrs. J. A. Campbell, Mrs. Foster, Miss Bessie Inman, Mrs. E. M. Lancaster, H. Chandler, Mrs. S. J. Brandenburg.

We Trust They Do.

They say—That Campbell will soon be an incorporated town. The citizens of that wide-awake little city know a good thing when they see it.—*Ledger.*

Campbell is agitating incorporation. It is a flourishing little town and is going ahead rapidly. It has one other advantage, the people pull together for improvements.—*Los Gatos News.*

Letter from Health Officer.

SAN JOSE, Cal., Nov. 30, 1904.

EDITOR INTERURBAN PRESS:

Dear Sir—The attention of the Superintendent and President of the Campbell Fruit Growers' Union having been called to some defects in their manner of disposing of their waste, please say to the citizens of Campbell that the cesspools will be cleaned and disinfected by an experienced disinfector to the satisfaction of the county health officer and under his supervision, and that if the whole plant is not remodeled and rebuilt in the spring, at least, new methods of disposing of the waste will be introduced which will prevent any possibilities of further complaint. Yours respectfully,

WM. SIMPSON.

The Youth's Companion as a Gift.

What other Christmas present can you choose that will give so much pleasure for so little money as a year's subscription for The Youth's Companion? The Holiday Number and the Calendar, joyously welcomed on Christmas morning, making a good gift in themselves, are but the foretaste of a whole year's feast to come. The mind is entertained with the numbers in hand, and the imagination revels in the pleasure that each new week will bring until Christmas comes again.

If you desire to make a Christmas present of The Youth's Companion, send the publishers the name and address of the person to whom you wish to give The Companion, with $1.75, the annual subscription price, stating that it is to be a gift. The publishers will send to the address named, in a parcel to be opened Christmas morning, all the remaining issues for 1904, published after the subscription is received, including the Double Holiday Numbers, the Companion's "Carnations" Calendar for 1905, lithographed in twelve colors and gold, and subscription certificate for the fifty-two issues of 1905.

Full Illustrated Announcement, fully describing the principal features of The Companion's new volume for 1905, will be sent to any address free.

From Our Exchanges.

Thursday was indeed a day of Thanksgiving for the people of Campbell and vicinity, as on that date the electric road was opened to the public, and thus another milestone in the history of interurban travel in Santa Clara county was passed. Interurban road building promises to do a great deal for the Santa Clara valley. Proparty along the different lines has already appreciated in value, and as time passes the increase will continue Why these roads were not built ere this is hard to tell, but now that two lines are in active operation and others building, every citizen is overjoyed.—*Ledger.*

The wide-awake citizens of Campbell are talking incorporation. In the near future a mass meeting will be held at which time facts and figures will be presented to the people by those who made a thorough investigation.

This is a step in the right direction. Thursday the new Interurban line was opened to the public, and Campbell now becomes closely connected with the outside world. As an incorporated city the inducements for new comers are much greater. To incorporate makes it possible for Campbell to grow and prosper. We believe the taxpayers of that beautiful town are progressive, and there is little doubt but they will decide to incorporate.—*Ledger.*

The Mountain View *Register* last week voices some mighty good views on the question, "Does a Board of Trade pay?" Editor Smith is in line with the *Mail* when he suggests that it would "be a good scheme to make a few improvements in the town itself before inviting everybody to come here." Self-improvement first will attract others to us, and growth will follow naturally, substantially and permanently.—*Los Gatos Mail.*

A Costly Mistake.

Notice to Stockholders of Santa Clara Valley Water Company.

NOTICE IS HEREBY GIVEN, THAT in accordance with a resolution of the Board of Directors of Santa Clara Valley Water Company, a corporation, which was duly adopted at the regular meeting of the said Board of Directors, held on the 5th day of November, 1904, a special meeting of the stockholders of Santa Clara Valley Water Company will be held on the 14th day of January, 1905, at the hour of 2 o'clock p. m. of that day at the office of the Santa Clara Valley Water Company, at Campbell, in the county of Santa Clara, State of California, in the building known as F. E. Duncan's residence, that being the principal place of business of the office of said company, and the building where the Board of Directors usually meet; for the purpose of taking into consideration and acting upon a proposition to create a bonded indebtedness to the amount of Twenty-Five Thousand Dollars ($25,000), and to provide the terms and conditions thereof, and everything else in relation thereto; to the end, and for the purpose, of providing means and raising moneys to pay existing indebtedness and indebtedness to be incurred in the construction and completion of its works and the acquisition of new properties, works and facilities within its corporate powers and within the purposes and objects of the corporation.

Dated this 7th day of November, 1904.

IN THE SUPERIOR COURT OF THE State of California, in and for the County of Santa Clara.

Josephine Hicks, Plaintiff, vs. John Hicks, Defendant.

Action brought in the superior court of the State of California, in and for the county of Santa Clara, and the complaint filed in the office of the clerk of said county of Santa Clara.

The People of the State of California send greeting to John Hicks, defendant. You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the superior court of the State of California, in and for the county of Santa Clara, said complaint being now on file in the office of the clerk of said county of Santa Clara, within ten days after service on you of this summons—if served within the county of Santa Clara, or within thirty days after such service if served elsewhere.

And you are hereby notified that unless you so appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the court for any other relief demanded in said complaint.

Given under my hand and the seal of the superior court of the State of California, in and for the county of Santa Clara, this 3d day of October, A. D., 1904.

The suit of W. F. Parker against E. W. Conant as county treasurer, for salary as county auditor during that portion of his term in which the office was occupied by Martin Murphy, was argued and submitted in Department 3 of the Superior Court.

The city of Los Angeles evidently knows how to advertise properly, inasmuch as they have induced, during the past year, sixty thousand people to locate there. In that city at the present time there are four thousand new buildings in course of erection. "And still," remarks an exchange, "the Los Angeles people keep on advertising."—*Gilroy Telegram.*

The California Water and Forest Association will hold its annual convention in San Francisco on Friday, December 2d. The convention will go very thoroughly into the matter of controlling forest fires, and a bill will be submitted for legislative action this winter dealing with the care of forest lands and the extinguishing fires. The enormous losses each year to the State and to owners of timber land through conflagrations make this bill one of great and immediate importance. In its present form it provides for a chief forester and associates, and fire wardens in the various districts.—*Ledger.*

How much wiser to give a kind, sensible answer to a child than tell him to go "play and don't bother me," as many do. Some day you will not be able to answer them at all. Who knows, but this may be the last year, or the last day, you can answer their questions. Do what you can to aid them on life's road, think of the mistakes you have made, and guide their tender feet into the straight path. With all your advice you cannot prevent many a struggle, or keep them from crossing many a bridge before they reach it.—*Exchange.*

LOTS SELLING FAST.

New Subdivision Placed on Market Being Sold.

L. J. Stratton last week decided to place on the market his fifteen acre orchard ranch which adjoins Campbell on the south. He made up his mind to cut it into large lots, putting streets through, lay cement sidewalks, pipe water to each lot, and otherwise improve the tract.

A force of men have been at work digging out trees for the streets, after having been first surveyed by Prof. Tillman. He completed his work last Saturday, and at this time there have been upwards of thirty lots sold—over half the tract. That is a pretty good showing for one week, but our people, who are the buyers largely, were satisfied that such large lots at the prices asked and the terms given, could not fail to be a bargain, and they have purchased readily. Not only Campbell people, but others from a distance, are buying the lots.

Mr. Stratton is going to considerable expense in properly putting on the tract—having already purchased 200 barrels (about 3 carloads)—of cement, and the two-inch water pipe for so large a tract costs considerable money, the work of cutting out trees, grading streets and placing down the sidewalk will make his outlay crowd the $2,000 mark. He feels, however, that it will be money well spent on account of placing on the market an up-to-date tract of land, with every convenience. Telephone service has also been brought to the tract, the rate being $1.25 per month for those desiring same.

He has wisely placed a restriction covering the cost of building, and the sale of liquor is prohibited.

The size of the lots are mainly 60x150, with an alley. A variety of fruit trees cover the tract. Price of lots are $200 and $225, and the terms are $10 down and $1.00 per week, with no interest and no taxes for first year.

For further particulars about the sale of these lots, apply to Hurlbert & Kennedy, sole agents, Campbell, Cal.

Will Give Campbell a Write-up.

C. E. Sands, business manager of the San Jose *Ledger*, was in town Monday interviewing our business men and others relative to a write-up of the town in his paper in the near future. In speaking of this edition in the last number of his paper he says:

"The Ledger is now gathering data which will be used in the near future for an illustrated write-up of Campbell and vicinity. It will be our purpose to show the growth and development of Campbell, together with a review of its industries This we do free of charge, it being the policy of the *Ledger* to exploit the different sections of the county. In a recent issue we devoted two pages to Saratoga, and as a result many persons have become interested in that section. It must be remembered that every day many strangers are coming to Santa Clara county, and while it is right and proper to advertise our State in the East the people right here must not be forgotten. There are thousands in this county that have never visited Campbell, and the write-up we intend giving will be read with much interest by them. As before stated, this is done free of charge, but we do ask that the people living in that vicinity will give us their co-operation and do all they can to assist us."

Cigarettes Lead to Crime.

W. C. Johnson, the probation officer of the county jail at Kansas City, says that of the ninety boys incarcerated in the jail in the last six months, not one was at work or at school when arrested and all but two were cigarette fiends.

We sometimes hear of boys of 12, 15 or 20 years of age declare they cannot give up cigarettes, and often they have not sufficient energy or will power to even make the attempt. Sad, indeed, is their fate; poor, weak-minded boys, slaves to this insatiable monster, the cigarette. The poison nicotine finds its way all through the body and gives it a very unpleasant odor. It injures the nerves of the heart.

A youth who was smoking a cigarette near the monkey's cage took another from his pocket. "Would it do any harm," he asked, "if I should offer him one of these?"

"Not a bit," responded the attendant. "He wouldn't touch it. A monkey isn't half as big a fool as he looks."—*Chicago Tribune.*

One hundred and fifty feet of purest water obtainable in a hole only 180 feet in depth is the satisfactory result of the drilling that has just been completed for Couch's Stanford French Steam Laundry. The supply of water seems inexhaustible, as the efforts of a latest model Myers "Bulldozer" working head or deep well pump to lower the water have all proven fruitless. The water is not only just what is wanted for laundry purposes, but is excellent for drinking and all other purposes.—*Palo Alto Citizen.*
